Summary

Hey! I'm Junaid, a Front-end/ WordPress developer with over 2 years of Front-end experience and a passion for responsive website design, and a strong belief in a mobile-first approach. I am currently working at handybuilds as a full-time front-end developer. I am an expert in

- Creating responsive websites
- Maintaining, optimizing, troubleshooting, and improving websites

In my spare time, I like to learn and discover new skills.

Experience

Frontend Developer
